ABOUT US

Established in 2010, Design Magnet has been creating beautiful spaces with utmost simplicity and minimalism. With more than 10,00,000+ Sq.ft. captivating interior spaces and successfully executed projects in Gurgaon, South Delhi as well as rest of Delhi NCR and North India, Design Magnet excels at the art of interior designing and science of execution. Our motto is to create spacious homes that boast of luxury, style and splendor. For us, every home is more than just a project. We pour our hearts into creating the finest abodes for our clients from different walks of life. Put simply, we customize your homes, thereby meeting your styling and functional requirements with great speed, flexibility, transparency and passion. Our customer-centric approach coupled with our commitment to offer excellence enables us to deliver interior designs of the highest quality and standard.

AIM

Our mission is to create reward experience and value that combine functionality with high quality and innovation for our client.

VISION

QUALITY EXPERIENCE AESTHETICS

COMMERCIAL

Commercial design can create visually interesting spaces that follow a specific theme or bring an interesting twist to an otherwise unremarkable space.

CONSTRUCTION

During construction, it's natural for decision makers to labor over making the best interior construction decisions for the people who will be utilizing a building.

RESIDENTIAL

Residential designs are always personal. There is a reason why this kind of project that always requires so many revisions. This is every individual's representation.

OFFICE INTERIORS

Modern commercial design can have a significant impact on your business. It can add value to your business or simply improve its space. If you need a reliable modern interior design style service, get in touch with Luxury World Interiors.

RETAIL OUTLETS

Our team let you design the best retail store at an affordable cost with all latest features. Retail design services are usually fairly minimal compared to full service because they want to fit as much of their furniture into the client's space rather than taking all the components - budget, home, lifestyle, family, aesthetic - into consideration.

RESIDENTIAL

We are an architecture firm who believe in excellence, quality and honesty, yes we design beautiful home our firms offering the best possibilities for our clients.

INTERIOR SPACE

Our team let you design the best retail store at an affordable cost with all latest features. Retail design services are usually fairly minimal compared to full service because they want to fit as much of their furniture into the client's space rather than taking all the components - budget, home, lifestyle, family, aesthetic - into consideration.

BUILDER FLOOR

A floor plan is an important part of the project. The 3D Floor Plan can be used to mark everything from room names, measurements, lighting and electrical points, and important notes which you want to install in the project

FARM HOUSE

A farmhouse is a type of a house, which serves a residential purpose in an agricultural setting. It is surrounded by a farm or a well landscaped garden. These can also be called as country houses, away from one's residential address, where one can go to spend some time in the lap of nature.

VILLA

A villa is a type of house that was originally an ancient Roman upper-class country house. Since its origins in the Roman villa, the idea and function of a villa has evolved considerably. Then they gradually re-evolved through the Middle Ages into elegant upper-class country homes.
